#PANTHER PRIDE

"We are going to come together, with our HOPES on the horizon!"

2017-2018 Hope Township School Governor's Educational Service Professional of the Year

Mrs. Kathleen Schutzki

Hope Township School is proud to recognize Mrs. Kathy Schutzki as our Governor's Educational Service Professional of the year.

Mrs. Schutzki has been a Pre-School paraprofessional for the past 6 years. During this time, she has been a vital part in helping to ensure that the students have the best learning environment as possible. Kathy has been an employee at Hope School for the past 22 years and has gained impressive knowledge to help motivate and encourage students. She doesn't hesitate to jump right in and help all of her students achieve success. She uses humor and a smile to motivate the students. When working with a student, Kathy will modify or even change direction if the student is not grasping the material. She will jump and grab different manipulatives or materials to help reinforce concepts. Kathy will try anything to help.

Kathy helps to keep the classroom as organized as possible and will prearrange for easy access during the lesson. Kathy also helps to get the classroom ready for each activity and automatically knows what supplies need to be put out, without direction but by just looking at the lesson. Kathy's students look to her for help and guidance. Kathy's students know they can rely on her to be there for them whether in helping them to learn a new concept or just when they need a pick me up. Our school would not be the same without Kathy!
