***“Be the Leader that You Would Want to Follow”***

June 16, 2020

Dear Hope School Community,

As we start our last day of school, I would like to thank our parents, grandparents and guardians who had to hold the reins in assisting our students with their school work. I know it was very difficult and challenging at times to juggle school, jobs, running your household along with the uncertainty of what the future might hold.

Thank you to our teachers, paraprofessionals and staff members. You have all been amazing through this experience. In a few short weeks, you all became experts in Google Classroom and setting up virtual meets with our students and co-workers.

Moving forward to next school year and what that may look like, I am not quite sure. I do want to assure every parent and guardian who has a child in our district, that we will be working hard and with diligence in the coming months to be ready for September. For now, take some time to relax and enjoy the summer!

### **SHOUTS OUTS**

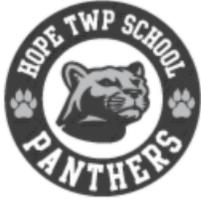

Grade 8 students - for successfully completing the school year and being promoted as the Class of 2020!

Every Hope student - for making such great efforts to complete your school work each day!

Hope teachers and staff - for your diligence to keep students learning and engaged every day. For creatively making lessons happen, for drive bys, videos, and a number of activities too numerous to mention.

Hope paraprofessionals - for assisting our teachers and student in so many ways.

For our custodial staff - for helping with drop offs, pickups, and the work that you will do this summer to ensure that we are ready to return in September.
