### **2019-2020 Hope Township School Service Professional of the Year**

#### **Ms. Jeanette Nolan**

Ms. Nolan has made a tremendous difference with our students at Hope School. Her quiet, yet supportive demeanor is key when working with students of all abilities and grade levels. She is always pleasant to staff and students. She immediately lends a hand when needed and is involved in staff activities, whether participating or being supportive on the sidelines. Being flexible is key to working in a small district. Fortunately, Ms. Nolan is flexible when approached regarding a schedule change or student change. Ms. Nolan accepts any role given to her and always gives 110%.

Being an Educational Services Professional is often a challenging position. Ms. Nolan has handled this position with ease. She is extremely flexible, has demonstrated skills in working with students, and speaks with students in a calm, but direct way. She sets limits in a positive way, as well. In observing her interactions with various grade level students, it is evident that students are responsive to the instructional support she provides. Students feel comfortable with the delivery of support, and she definitely has a positive impact on student learning and personal growth at Hope Township School.
